DESCRIBE THE PRESENT AND ORIGINAL (IF KNOWN) PHYSICAL APPEARANCE

This greatly altered house is located on the east side of South Vermont Street. It is a two story, four bay aluminum sided structure. Observation of the exterior suggest that the first story may be of log construction with the second floor being a frame addition. Windows have modern single pane sashes except for those that have modern six over six sashes. The main entrance is located in the north end bay. The house retains very little of its architectural integrity. It is, however, in good condition and may date from the 19th century.
